Commission Matching Grants Program

Applications Available for 2007 Commission Matching Grants

The Commission Matching Grants program is designed to encourage the creation of original musical works for our member choruses. There have been two important changes to the program for 2007:

1. A member chorus is still eligible to apply even if they have received a prior Commission Matching Grant so long as it was not within the past two years.
2. The program now has two funding levels. Program 1 is designed for choruses with little/no history of commissioning and is available in amounts from \$500 - \$2,500. Program 2 is designed for choruses with a track record of commissioning and is available in amounts from \$2,500 - \$10,000.

The deadline for receipt of proposals is September 3, 2007 and awardees will be announced October 6, 2007. [Click here](#) for full program details and application requirements.
