Artistic Director Matters

We are asking every artistic director to bring 10 different pieces of music to facilitate sharing repertoire. When you make copies of music for the conference reading sessions, please only copy the first few pages or a particularly interesting section of the music. **Please do not make photocopies of the entire score.** It would be helpful if you could provide publisher information or other contact information for the copyright holder if it isn't printed on the first page for each piece so that if directors are interested in purchasing the music for their chorus they will know how to find it. Please bring the number of copies of each piece of music as indicated below:

registered only recently so the scheduling process has been delayed.

Women's Reading Session - 15 copies of each piece

Mixed Reading Session - 18 copies of each piece

Men's Reading Session - 35 copies of each piece

The reading session will be held on Sunday afternoon, October 7th.

Technology in Rehearsal

Andres Cladera, Artistic Director of the Renaissance City Choirs, is presenting a session to discuss using technology to enhance your chorus rehearsal. He is requesting that everyone bring their laptop to the session. Additionally, he would like everyone to download a software program that he would like to discuss in the session. He will bring some flash drives to download the software.
